Thank you!

My name is Veronica, and I sew and blog at [sewVery](#). I'm excited that you chose to download my free tutorial, the sew-
Very Bunny Face Bag, and I hope that you **HAVE FUN SEWING**
it over and over!

My children love tote bags, and what better way to make a new one for them than to add a precious bunny face appliqué to the front! They now have a bag that will double as an Easter bag ideal for egg hunts, Easter treats, and toting books and activities in to visit family and friends.

This sewVery Bunny Face Bag project is ideal for a beginner sewer who is familiar with basic sewing terms and techniques. It's really pretty simple to sew!

I love to sew and design, and I thank you for your support by downloading the sewVery Bunny Face Bag Tutorial!

Enjoy!

~ Veronica
